

GRT LGBTQI INTERNATIONAL SYMPOSIUM - THURSDAY 4TH JULY 2019 - CARDIFF, WALES

GYPSY, ROMA & TRAVELLER LGBTQI INTERNATIONAL CONFERENCE 2019

ROMANI
CULTURAL & ARTS COMPANY

DELEGATE GUIDE

THURSDAY 4TH JULY 2019 – SENEDD

NATIONAL ASSEMBLY OF WALES, CARDIFF BAY, CARDIFF, CF99 1NA

Dear Delegate,

The Romani Cultural & Arts Company is proud to welcome you to the first Gypsy, Roma & Traveller LGBTQI International Symposium. The event is hosted by the Senedd – National Assembly of Wales and features an international selection of speakers including activists, academics, artists and community champions who will focus on the current and historic experience of LGBTQI GRT people and the future possibilities for improving opportunity and equality across our communities.

Guests to this unique event include Jane Hutt AM - Deputy Minister and Chief Whip, Welsh Government, Vera Kurtic, from the Council of Europe's Roma and Travellers Team ROMACTED, Chris Lee, RCAC Community Champion covering GRT history, culture, welfare and racism. Dr Daniel Baker, artist, curator and theorist, William Bila, former President of La Voix des Roms (France), and Martin Campbell, Director of the Gypsy Roma Traveller Police Association. This varied range of speakers with their diverse areas of expertise will open debate regarding the contemporary GRT LGBTQI climate and the wider implications for society.

This exciting event takes place in the context of the Romani Cultural & Arts Company's ongoing programme of increasing visibility, opportunity and equality for all members of the GRT community across Wales and beyond. The aim of this unique RCAC venture is to showcase emerging international voices within the field of LGBTQI GRT awareness and to facilitate the development of dialogue across communities about the ways in which articulations and negotiations of difference continue to inform the lives of individuals within GRT and LGBTQI communities today.

Jane Hutt, Deputy Minister and Chief Whip said: "I'm proud to support Romani Arts during Gypsy Roma and Traveller History month with their conference on LGBTQI within the Gypsy, Roma and Traveller community. Welsh Government's next Strategic Equality Plan will take an approach that recognises the importance of understanding intersectionality between different protected characteristics. Events such as this will help to provide a platform for conversations to take place and influence policy on a national level, providing reassurance to all communities that Welsh Government strives to ensure that equality is at the core of our business, diversity is celebrated and where discrimination has no place."

Isaac Blake; Director of the Romani Cultural & Arts Company says: "An open, tolerant society cannot pick and choose which groups should merit tolerance and understanding. Every individual living on our beautiful planet deserves to be judged on their own words and actions; not on their race, nationality, religion, sexuality or family background. Let's stand together and be proud of the amazing diversity that humanity encompasses."

Chris Lee, Romani Cultural and Arts Company Community Champion says: "Meaningful change for the LGBTQI Gypsy, Roma and Traveller community is not going to come from just knowing more information, but from doing something with it."

Dr Daniel Baker, Romani artist, curator and academic says: "Discussions regarding the significance of intersecting identities are more important than ever. By recognising commonalities across difference through shared experience and knowledge we move closer toward a more caring society."

Publications include *We Roma: A Critical Reader in Contemporary Art* (2013) and *Ex Libris* (2009). Baker's work is exhibited internationally and can be found in collections worldwide. Former Chair of the Gypsy Council (2006–2009). He lives and works in London: www.danielbaker.net

William Bila

William Bila was born in New York City the son of Czechoslovak refugees fleeing the Soviet invasion of the Prague Spring. He discovered his Romani heritage in late childhood. As the product of a multicultural North American upbringing, he has always been proud and curious about his roots. The turning point for his activism, which started in the 1990s, came when he moved to Canada and joined the Roma Community Centre in Toronto during the autumn of 2008. Ever since, he has remained engaged with a variety of organizations in support of Romani culture, education, history, and rights themes. He has served in several volunteer positions such as, President of La Voix des Roms (France), member of the board of Roma Education Fund (Switzerland), Roma Education Support Trust (UK) and the Center for Intersectional Justice (Germany). He also took part in the first and second ever European LGBTIQ Roma conferences in Prague (2015; 2016). Among his pioneering career adventures, he participated in the pilot implementation of a worldwide diversity policy at a global financial services provider based in Germany, supporting LGBTIQ+ rights in the workplace. With over 25 years of experience in corporate consulting, strategy and human resource roles, his most recent endeavors as a freelance consultant include managing the on-line communications of the Berlin based RomArchive project, advising the European Roma Rights Center partnerships and network development, and serving as a guest lecturer for Chicago based DePaul University's study abroad program in Berlin. He is a proud member of ACERT and a supporter of the Romani Cultural and Arts Company of Wales.

Speaker Biographies

Executive Director of the Romani Cultural & Arts Company (RCAC), Isaac has developed arts and performance programmes on Gypsy and Traveller caravan sites with young children and adults, worked in schools and colleges, and promoted arts as a medium for empowerment and advocacy throughout Wales with Gypsy, Roma and Travellers. He has engaged widely with non-Gypsy communities to promote dialogue and improve social cohesion. His leadership and management of the RCAC has seen the organisation grow from a small voluntary group to a major third sector (NGO) agency that leads the Romani and Traveller field in Wales and is one of the major players in Romani and Traveller advocacy and empowerment in the UK. RCAC is now celebrating its 10th anniversary. Isaac has also been a Dance Curator, leading a team of academics and researchers in collating appropriate items and artefacts for the RomArchive. The RomArchive was devised as an international digital archive for art of the Roma, and remains a constantly growing collection of art of all types, complemented by historical documents and scholarly texts. Isaac has been instrumental in supporting LGBTQI rights in UK, Europe and beyond, particularly with respect to the Gypsy, Roma & Traveller communities. Isaac has supported LGBTQI Gypsy, Roma & Travellers to attend events internationally and Isaac has personally attended such events to be an advocate and representative of his community and to positively promote LGBTQI.

Martin Campbell - Director of the Gypsy Roma Traveller Police Association

Martin Campbell is the Director of the Gypsy Roma Traveller Police Association, an association set up primarily to support Police Officers and Staff who are from Gypsy Roma and Traveller communities of the UK and Europe. Martin is a Gypsy from the North West of England who is currently serving as a Police Inspector. He has worked in Emergency response, Proactive Crime Squads, Community Policing, CID and various other departments during his 13 years of Service. Martin has been involved in the GRTPA since its creation in 2014 serving as a Director in 2016 and again in 2018 and 2019. Martin has been fighting for fair and equal treatment for GRT communities across the UK and Europe. This has included participation in initiatives in Ukraine and Europe to improve the security of Roma Communities, Challenging in Parliament Police Units (now disbanded) and numerous public speaking events to raise awareness of Suicide, infant mortality and discrimination in GRT communities. "People often ask me why I am involved in challenging Police and other ministry of justice agencies publically when I am in the role of Director to support Officers & staff. My answer is always that discrimination against GRT communities is prevalent within these organisations and this isolates victims from within the community discouraging them from seeking help and support they are entitled to. A combination of frequent & disproportionate Police response and lack of community engagement reduces a fragile state of police legitimacy in the community. We must be part of the Policing community if we want to improve this. My association can support Officers and Staff, we have been doing it since 2014 since our founding members Jim and Petr broke the mould, what I want to do now is ensure future generations of all GRT communities feel that the police of the UK is not only a career option but also an attractive option."

QUEER + ROMA = Wonderful

QRTV Europa is an entertainment, cultural, lifestyle and music channel. Its mission is to bring the various European communities closer to each other and to help the European human rights movements, activists and NGOs to create more inclusive societies, a fairer and more equal future.

Why QR?

QR is our abbreviation of QueerR, because our content highly features queer and LGBTIQI cultures and people (as a less-represented group in the mainstream media). At the same time, we believe that on QRTV everyone can find useful, entertaining and informative content

The abbreviation QR mainly refers to a multi-marginalized group of Europe, Queer Roma, broadly speaking, to the Roma LGBTIQI people to whom we ourselves, the initiators, belong or are connected.

**QRTV is a TV Channel
with Queer Roma identity.**

Our main goal is to provide greater visibility of the members of this community, to bring closer the Roma and LGBTIQI people to each other, to present the lives of these groups and to help them and other groups facing similar challenges to evolve a more liberated, more balanced and a diverse identities and cultural backgrounds supporting future.

QR also refers to the QR code, which will later become a major contributor in the access to extra contents related to our programs.

We make our own manufactured content with the appreciation of physical and mental health consciousness as well as vegetarian and vegan ** life views. We consider it as an important task to strengthen environmental awareness, so our the server of QRTV backs up on 100% renewable, carbon dioxide-free energy.
